**(2025-2026)**

**KALKA PUBLIC SCHOOL**  
**BPTP, FARIDABAD**

## MONTH: APRIL

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
English	L-1	The road not taken	Content: In this poem by Robert Frost, the speaker reflects on choosing between two paths in a forest, symbolizing life's choices and their lasting impact.	Students learn about decision-making, individual choices, and their consequences.	Reflecting on personal choices or writing about a decision they've made connects learning to real life.	Digital Learning: Animated versions and interactive decision-tree activities deepen understanding of the poem's theme.	Extended Learning: Explore other poems or stories about choices and compare themes.	Life Skill: Builds decision-making skills, self-reflection, and responsibility.
	L-2	How the leopard got its claws	Content: This African folktale explains how the leopard became powerful and fierce, after being mistreated by other animals when he was kind and gentle.	Learning Outcome: Students understand the origins of power, fairness, and standing up against injustice.	Experiential Learning: Group role-plays or discussions help students relate to issues of fairness and strength.	Digital Learning: Animated folktale videos and visual storytelling enhance comprehension and engagement.	Extended Learning: Compare with other animal fables or write modern versions of traditional tales.	Life Skill: Encourages resilience, assertiveness, and standing up for one's rights.

	व्याकरण पाठ -1	भाषा बोली लिपि और व्याकरण	भाषा के प्रकार, व्याकरण के प्रकार	भाषा और वर्ण के बारे में जानकारी प्राप्त करना	मॉडल ,चार्ट बनाना	विषय से संबंधित वीडियो	भाषा और वर्ण के बारे में ज्ञान बढ़ाना।	काल्पनिक शक्ति और सोचने की क्षमता का विकास करना
	पाठ-2	वर्ण विचार	वर्ण विच्छेद की परिभाषा व प्रकार					
		अनुच्छेद पत्र लेखन	अनुच्छेद लिखने की कला औपचारिक पत्र का प्रारूप की जानकारी	औपचारिक पत्र का विस्तार	पीपीटी /पीडीएफ		क्रियाकलाप	बौद्धिक क्षमता का विकास
Maths	Ch. 1	Rational Numbers	1) Properties of Rational numbers 2) Representation of rational numbers on a number line 3) Word problem	Students will be able to differentiate and mark the rational numbers on the number line.	To make working model or charts for the rational numbers	Videos related to topics having basics and applications for logical thinking	Worksheets based on related topics.	Interactive session at the class based on the topics
	Ch. 2	Exponents and powers	1) Laws of exponents 2) Negative exponents 3) Laws of exponents with integral powers 4) Scientific notation	Students will able to represent very large numbers or very small numbers in a simplified manner.	To make working models or charts for understanding the concept of exponents and powers.	Video related to topics having basics and applications of exponents and powers for logical thinking	Worksheets based on related topics.	Interactive session at the class based on the topics

Science	CH- 2	Microorganisms- Friends & Foes	<p>*Know about the different types of microorganisms and their habitats. * Understand the role of microorganisms as friends and foes. *Understand the concept of food preservation .</p>	<p>Learn about the different types of microorganisms &amp; their habitats. -Contrast the good (beneficial) &amp; bad (harmful) side of microorganisms. -Appreciate the role of microorganisms in daily life. -Use various methods of food preservation in daily life *Acknowledge the importance of food preservation.</p>	<p>Interaction &amp; discussion Venn diagrams showing uses &amp; harms of microorganisms Activity- various techniques of food preservation used at their homes</p>	PPT	Assignment	<p>Students will be able to identify useful &amp; harmful microorganisms, characteristics, habitat &amp; their role in our daily life.</p>
	CH- 8	Force & Pressure	<p>Define, identify and classify force and its types. Understand the concept of pressure and its applications.</p>	<p>LEARNERS WOULD BE ABLE TO:-Define , Identify , classify force &amp; its types. Understand the concept of pressure &amp; its</p>	<p>Hands on activities on solid pressure &amp; liquid pressure. Concept map of force &amp; pressure.</p>	PPT & Video	Worksheet & extra questions	<p>To develop the skill of critical thinking. To develop scientific temperament among the student.</p>

				applications.				
Social Studies	HISTORY: CH-1	BEGINNING OF THE MODERN PERIOD	Importance of dates in History. Sources of Information. Importance of Literary sources.	They will understand the importance of maintaining historical dates, literary resources.	Students will understand the importance of surveying and mapping	*PowerPoint Presentation *Topic related Video	*Worksheets Question Bank	Reasoning skill Questioning skill
	CIVICS: CH-1	THE CONSTITUTION OF INDIA	Indian Constitution Importance of Indian Constitution Formation of the Constitution Key features of the Constitution	They will understand and learn the meaning and functions of a Constitution and the principles that go into its making. They will also study the functions and the key features of the Indian Constitution.	Make a list of 20 democratic countries and find out which of them are republics.	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *To explain the meaning and functions of a Constitution and the principles that go into its making. They should also be able to describe the functions and the key features of the Indian Constitution.
	GEOGRAPHY: CH-11	RESOURCES	Resources	Explain the term 'resources' Define the terms 'natural resources', 'human-made resources' and 'human resources' Explain the different ways of conserving	Make a poster on conservation of natural resources	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *To identify types of resources, namely natural, human-made and human. They should also be aware of the different ways of conserving resources. Further, they

				natural resources Explain the principles of sustainable development				should be able to explain the principles of sustainable development.
Computer	L-1:	<b>Exploring Smart Neural Network</b>	<ul style="list-style-type: none"> <li>How Deep Learning Really Works</li> <li>CNN,RN N, Transfer Learning</li> <li>Future of NN</li> </ul>	They will understand the importance of Deep Learning, CNN vs RNN in AI.  Students will understand different kinds of Neural Networks in AI.	ACTIVITY <b>Memory Pattern Game</b>	Videos related to topics	Worksheets based on related topics.	Students learn to adapt to new technological advancements by applying them and preparing them for future challenges.

FRENCH	L-0  L-1	L-0 Vous connaissez la france ?  L-1 Une nouvelle annee d'apprentissage	S'initier a la civilisation francais	Students will be able to translate and comprehend the prose	Collage Making , vocabulary tree	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	Students will be able to apply their knowledge in real world and converse with each other using the new vocabulary
SKT	पाठ 1 पाठ 2 व्याकरण	अस्माकं विद्यालयः सुगुप्तं धनम् धातु रूप-गम् ,क्री	* उत्सव मनाने की प्रक्रिया तथा विद्यालय के परिवेश का ज्ञान देना * जीवन में परिश्रम हेतु प्रेरित करना	छात्र पाठ के महत्व को समझ सकेंगे व्याकरण समझने में सहायक	चर्चा व्याख्यान व समाधान निकालना मॉडल एवं चार्ट तैयार करना	उपकरण वीडियो पीएफ वीडियो विषय से संबंधित वीडियो	विद्यालय से सम्बंधित कार्यक्रम का महत्व बताना ज्ञान बढ़ाना	विद्यालय की श्रेष्ठता का ज्ञान प्राप्त करना क्षमता का विकास करना

GK	UNIT 1	UNIT 1 OUR COUNTRY- INDIA Pages 7 to 16	Covers various aspects of India, including its geography, history, culture, economy, government, etc.	They will develop knowledge about the country's diverse regions, heritage, and societal structure.	They might participate in cultural activities such as traditional dance performances, food tastings, or art projects to appreciate India's rich culture.	Interactive multimedia presentations or videos can be used to illustrate key concepts.	Students could conduct research projects on specific topics related to India, such as India's freedom struggle, etc.	Through studying India's diverse culture and history, students can develop empathy, tolerance, and respect for people from different backgrounds.

**MONTH: MAY**

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
English	L-3	CH- After twenty years	Content: This story by O. Henry revolves around two old friends who meet after twenty years, only to find their lives have taken very different paths—one is a policeman, the other a wanted criminal.	Learning Outcome: Students learn about loyalty, changing values, and moral choices in life.	Experiential Learning: Debates or discussions on friendship and justice help connect the theme to real-life situations.	Digital Learning: Audiobooks, story animations, and character analysis tools enhance understanding.	Extended Learning: Explore other stories by O. Henry to study themes of irony and surprise endings.	Life Skill: Encourages integrity, self-awareness, and making ethical decisions.
	L-5	Ch- The Railway Junction	Content: This story or passage highlights the busy life and coordination at a railway junction, reflecting human movement, connections, and	Learning Outcome: Students understand the importance of order, timing, and systems in daily life.	Experiential Learning: Visits to local stations or simulations help students observe real-world coordination.	Digital Learning: Virtual tours, videos of railway operations, or train simulation games enhance engagement.	Extended Learning: Students can write travelogues or research how railways connect cultures and economies.	Life Skill: Promotes time management, planning, and appreciation for public systems and teamwork.

			the passage of time.					
	GRAMMAR-Nouns, Pronouns WRITING- Notice	GRAMMAR-Nouns, Pronouns WRITING- Notice	The student will comprehend the different kinds of nouns and pronouns. In the writing topic of a notice, students learn the format, language, and purpose of drafting notices.	They will be able to differentiate between nouns. Students should be able to compose well-structured notices that effectively communicate the intended information to the target audience.	Students can engage in activities such as creating stories or dialogues where they must effectively use a variety of nouns and pronouns.	Digital learning resources such as interactive quizzes, online grammar games, and instructional videos can be utilised.	Students can collaborate to plan and execute events within the school or community, where they are required to create and distribute notices.	Writing notices helps students develop important communication skills, including clarity, conciseness, and professionalism.
Hindi	पाठ -3	कोडिंग के शिखर पर	महिला शिक्षा को बढ़ावा और महिला सशक्तिकरण	प्रत्यक्ष अवधारणा और महिला शिक्षा के बारे में जानकारी प्राप्त करना	महिला सशक्तिकरण पर अपने अनुभवों को दर्शाएंगे।	विषय से संबंधित वीडियो	समाज में महिला सशक्तिकरण पर विचार कर सकते हैं।	सोचने की क्षमता का विकास होना।

	पाठ 4	इतिहासकार के पेड़	दूसरों के लिए जीना सभी की यथासंभव सहायता करना।	पेड़ों के बारे में जानकारी को एकत्रित करना	पेड़ से संबंधित एक मॉडल तैयार करना	विषय से संबंधित प्रस्तुति, वीडियो	पेड़ों के बारे में अध्ययन करना और उन्हें अपने जीवन से जोड़ना	काल्पनिक शक्ति और सोचने की क्षमता को बढ़ाना।
	व्याकरण पाठ-3 पाठ 4	व्याकरण संधि शब्द विचार सूचना लेखन	संधि की परिभाषा और प्रकार के बारे में जानकारी	व्याकरण को समझने में सहायक	A4 सीट पर संधि व शब्द का बनाना	विषय से संबंधित वीडियो	संधि के बारे में ज्ञान बढ़ाना	क्षमता का विकास होना।

			शब्द विचार के भेद व उनके बारे में जानना					
Maths	Ch. 3	Square and Square roots, Cube and Cube roots	1) Squares, square roots 2) Square root of the product of two. 3) Square root of the product of two numbers 4) Approx. square roots 5) Cube 6) Cube roots 7) Estimating square and cube roots	Students will be able to find out the square roots as well as cube roots of the given numbers	To make a working model or charts for the squares and cubes of the integers.	Video related to topics having basics and applications for logical thinking	Worksheets based on related topics.	Interactive session at the class based on the topics
	Ch. 4	Playing with numbers	1) Nos in general form 2) Coding and decoding 3) Number and puzzle game 4) Pattern in numbers 5) Magic squares 6) Divisibility of numbers	Divisibility test will make students to understand quickly whether the number is divisible by given number or not easily by tricks	In the class students are given numbers and make them to play the game.	Video related to topics having basics and applications for logical reasoning.	Worksheets based on related topics	
	CH- 3	Coal & Petroleum	Exhaustible & Inexhaustible natural resources. Formation of	Students will be able to understand about Exhaustible &	Interaction & discussion .	Video	Worksheets	Interactive session at the class based on the topics.

			coal & petroleum Conservation of fossil fuels.	Inexhaustible natural resources. Formation of coal & petroleum Conservation of fossil fuels.				
Science	CH- 5	Conservation of Plants & Animals	Know deforestation and its consequences. Understand the importance of migration and biodiversity and ways to conserve it.	Students will be able to:-Explain the domestic and global consequences of Deforestation .	Interaction & discussion Posters & PPTs on conservation of animals & plants,Live activity on making food web.	Design an e-brochure on different types of animals and plants species in comparison to Haryana & Uttar Pradesh (use canva app or any other).	E-brochure & Assignment.	Students will be able to critically evaluate current events and public information related to wildlife conservation and management as being scientifically-based or opinion-based and contribute to the knowledge base of information.

Social Studies	HISTORY: CH- 2	From Traders to Rulers	East India Company Trade led to battles Battle of Plassey Battle of Buxar	They will understand Introduce the learners to Trading companies and how British power was linked to the formation of colonial administrative structure.  Introduce the learners to	Observe the picture below and answer the following questions—  a) In which year was the battle of Plassey fought? b) Battle was fought	*Power Point Presentation *Topic related Video	*Worksheets * Question Bank	*Thinking skills * To understand the process of how the trading company becomes a political power  To understand and observe the colonial administrative structures of that period
----------------	-------------------	------------------------	--	---	---	---	--------------------------------	---

				battles fought during the expansion of British empire	between which powers? c) What was the consequences of the battle?			
	CIVICS: CH-2	Understanding Secularism	What is secularism. Importance to separate Religion from State.	What is Secularism? Need to separate religion from State. Comparison with other secular countries	Interview different members of your family and ask them about whether India should follow one religion?	*Power Point Presentation *Topic related	*Worksheets *Mind Map Question Bank	*Thinking skills * To understand the importance to separate religion from the state.
Computer	L-2	AI for Data Science and Analytics	1. BIG DATA 2. DATA COLLECTION 3. VISUAL DATA STORIES 4. PREDICTIVE ANALYTICS	They will understand the importance of BIG DATA.	They will understand the importance of BIG DATA and VISUAL DATA STORIES.	Videos related to topics  Worksheets based on related topics.  Book Exercise Puzzles etc	Students learn to adapt to new technological advancements by applying them and preparing them for future challenges.	Students will be able to learn Ethical values for the lifetime and technological advancement will help them in future.

FRENCH	I-3	L-3 Une journee bien chargee	Describing the routine	Students will be able to translate and comprehend the prose	Collage Making , vocabulary tree	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	Students will be able to apply their knowledge in real world and converse with each other using the new vocabulary
SKT	पाठ 3 पाठ4 व्याकरण	सुभाषितानि अस्माकं राष्ट्रनायकाः शब्द रूप -राम्, मुनि, अपठित गद्यांश	*जीवन में दान उदारता पर ऊपर आदि के लिए प्रेरित करना * स्वतंत्रता सेनानियों के जीवन से प्रेरणा लेना *धातु रूप व उनके बारे में ज्ञान लेना	*छात्र पाठ के महत्व को समझ सकेंगे *राष्ट्रीय महानायकों के विषय पर प्रकाश डालना	चर्चा व्याख्यान व समाधान निकालना शब्द रूप पर चार्ट निर्माण करना	उपकरण वीडियो पीडीएफ वीडियो विषय से संबंधित वीडियो	*मदन मोहन मालवीय के विषय में एक अनुच्छेद लिखना * राष्ट्र के विषय में ज्ञान को बढ़ाना	अपने ज्ञान को वास्तविक दुनिया में लागू करें और नई शब्दावली का उपयोग करके एक दूसरे के साथ बातचीत करें
GK	UNIT 2	UNIT 2 THE WORLD AROUND US Pages 17 to 20	Covers various aspects of the world beyond India, including continents, countries, cultures, landmarks, etc.	Students will develop a broader understanding of the world.	Virtual tours or multimedia presentations showcasing famous landmarks and natural wonders around the world.	Interactive maps and online resources can be used to explore different countries, their capitals, flags, etc.	Debates or Model United Nations simulations can allow students to delve deeper into global issues.	Understanding global challenges can empower students to become responsible global citizens and advocates for positive change.

### MONTH: JULY

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
---------	------------	-------------	---------	------------------	------------------------------------	------------------	-------------------	-------------

English	L-4	CH-Success at last	Content: This story follows a character who faces repeated failures but finally achieves success through determination and hard work.	Learning Outcome: Students learn the value of perseverance, patience, and consistent effort.	Experiential Learning: Reflecting on personal goals or challenges helps students connect emotionally to the story.	Digital Learning: Motivational videos or digital storytelling tools can be used to recreate the story or similar success journeys.	Extended Learning: Students can research real-life personalities who overcame failures.	Life Skill: Encourages resilience, goal-setting, and a never-give-up attitude.
	L-6	Ch- The Chess Player	Content: This story focuses on a person who is deeply engaged in the game of chess, showing strategic thinking and the complexities of the mind.	Learning Outcome: Students understand the importance of strategy, focus, and foresight in both games and life.	Experiential Learning: Playing chess or solving strategic puzzles gives hands-on understanding of the concepts.	Digital Learning: Online chess platforms, tutorials, and strategy games enhance learning.	Extended Learning: Research on famous chess players or writing a story based on a game situation.	Life Skill: Builds critical thinking, patience, and decision-making skills.
	GRAMMAR -Articles, Determiners	GRAMMAR-Articles, Determiners WRITING-Formal letter( Letter of complaint),Diary entry	This grammar topic delves into the usage and functions of articles (definite and indefinite) and determiners (such as demonstratives, possessives, and quantifiers).	Students will be able to accurately use articles and determiners to specify and modify nouns, thereby improving clarity and precision in their writing.	Analyzing real-world texts to identify the use of articles and determiners, creating sentences or paragraphs.	Grammar websites, and online exercises can provide additional practice and reinforcement of concepts.	Students can explore case studies or real-life examples and practice writing letters of complaint addressing various issues in different contexts.	Writing letters of complaint teaches students how to assert their rights, communicate assertively, and seek resolution in a constructive manner.

Hindi	पाठ -5	किसको नमन करूं	मातृभूमि की विशेषताओं का ज्ञान करवाना, मातृभूमि के प्रति श्रद्धाभाव उत्पन्न करना	मातृभूमि के बारे में जानकारी प्राप्त करना	समाज में सहभागिता और सामाजिक जागरूकता अभियान व निरीक्षण करना	विषय से संबंधित वीडियो	कार्य पत्रिका	क्षमता कौशल का विकास होना।
	पाठ-6	संतोष की सरिता	बुजुर्गों का सम्मान, कर्तव्य बोध	अपने से बड़ों का सम्मान करना			कार्य पत्रिका	

	पाठ-5,6,7	शब्द रचना उपसर्ग प्रत्यय समास  अनुच्छेद लेखन डायरी लेखन पत्र लेखन	शब्दों का वर्गीकरण उपसर्ग, प्रत्यय समास, समास विग्रह, समास के भेद  अनुच्छेद लिखने का तरीका डायरी लिखने का प्रारूप	समास और उपसर्ग प्रत्यय के भेदों को समझना  अनुच्छेद व डायरी लिखने का तरीका सीखना	समास से संबंधित एक चार्ट पेपर /मॉडल तैयार	पीडीएफ, वीडियो  पीपीटी	व्याकरण से संबंधित कार्य पत्रिका  क्रियाकलाप गतिविधियां	कल्पना शक्ति को बढ़ाना।  बौद्धिक क्षमता का विकास करना

Maths	Ch. 5	Algebraic expression and Factorization	1) Multiplication of algebraic expressions 2) Division of polynomial 3) Identities 4) Approx. square roots 5) Factorization	Students will be able to find out the square roots as well as cube roots of the given numbers	To make a working model or charts for the squares and cubes of the integers.	Video related to topics having basics and applications for logical thinking	Worksheets based on related topics.	Interactive session at the class based on the topics
	Ch. 6	Linear equation in one variable	1) Introduction 2) Word Problem	Divisibility test will make students to understand quickly whether the number is divisible by given number or not easily by tricks	In the class students are given numbers and make them to play the game.	Video related to topics having basics and applications for logical reasoning.	Worksheets based on related topics	Interactive session at the class based on the topics
Science	CH- 4	Combustion & Flame	Understand the term combustion and conditions required for combustion. Differentiate between types of combustion and understand the consequences of incomplete combustion.	Know about the various methods used to control fire. Understand the different zones of flame.	Interaction & discussion. Hands on activities to show temperature variations & type of combustion in each zone of candle flame, Posters on Methods of preventing & controlling fire.	video	Worksheets based on related topics.	Students will be able to work with others to coordinate activities that achieve group/team objectives.

	CH- 9	Friction	Identify various types of friction. Appreciate that friction is a necessity as well as a nuisance. Understand methods of increasing and decreasing friction.	- Understand methods of increasing & decreasing friction.	Live demonstration of different kinds of friction in our daily life.	video	Hands on activities on FRICTION.	Students will have a greater knowledge of how friction relates to the daily life.
--	-------	----------	--	---	--	-------	----------------------------------	---

Social Studies	HISTORY: CH-3	Chp3- The Country side under The Company's Rule	Revenue System during the British Period The Permanent Settlement Mahalwari Settlement Ryotwari Settlement Case study of Indigo	Introduce the learners to the change over a period of time.  Introduce the learner to the idea that the growth of new crops disrupted the rhythms of peasant life and led to revolt	Mark a comparative table between permanent, Mahalwari and Ryotwari system	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills * To understand the skills and methods of historical and cultural inquiry  understand the various land revenue system of the country during 18th century
	CIVICS: CH-3	Chp3- Role of the Parliament	Parliament Lok sabha Rajya Sabha President Prime minister Council Minister	Understand why India chose a parliamentary form of government. * Gain a sense/rationale of the essential elements of the parliamentary form of government. * Engages analytically on local issues and feel connected to people's struggles for justice, equality and dignity. * Understand the ways in which the government and other groups respond to such issues.	Chart on Functions of Parliament	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *To explain the formation of the Parliament as well as its functions. In addition, students should be able to describe how the national government is formed.

	GEOGRAPHY: CH- 2	NATURAL RESOURCES – LAND, SOIL	Land Uses Land Utilisation Conservation of Land Resources Layers of Soil Soil Erosion Soil conservation	Know about the meaning of land resources and soil conservation. Understand the importance of resources in our life. Appreciate the judicious use of resources for sustainable development. Develop awareness Towards resources Conservation and take initiative towards conservation process.	Collect information about Contour ploughing	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *To describe the natural resources, land, soil, water, vegetation and wildlife. They should be able to describe the different types of soil.
COMPUTER	L-3: Emerging AI Technologies	<ul style="list-style-type: none"> <li>● NEXT Generation Computing</li> <li>● AI powered Materials</li> </ul>	Students will be able to learn about next generation AI and determine to specify and modify the content using AI powered materials, thereby improving clarity and precision in their knowledge.	<b>Activity 1 : Design Your Future Device</b>  <b>Activity 2 : Virtual World Builder</b>	Videos related to topics	Worksheets based on related topics.	Students learn to adapt to new technological advancements by applying them and preparing them for future challenges.	Students will be able to learn and apply their knowledge into real world scenarios.

FRENCH	L-4	L-4: UNE EXCURSION AU ZOO	EXPRESSION AVOIR , INTERROGER QUELQU'UN	Students will be able to translate and comprehend the prose .	vocabulary tree	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	Students will be able to apply their knowledge in real world and converse with each other using the new vocabulary .
SKT	पाठ -5 पाठ-6 कत्वा प्रत्यय धातु रूप अस्	*पर्यावरण संरक्षणम् *संघे शक्ति आत्मकथा	*पर्यावरण की रक्षा का ज्ञान कराना *संघ की शक्ति का महत्व बताना *धातु रूप के भेद में लकार का ज्ञान होना	छात्र पाठ के महत्व को समझ सकेंगे  लकार द्वारा वाक्य बनाने का ज्ञान प्राप्त होना	चर्चा व्याख्यान व समाधान निकालना  संबंधित विषय पर चार्ट में मॉडल तैयार करना	उपकरण वीडियो  विषय से संबंधित वीडियो  पीएफ	*पर्यावरण के ऊपर वाक्य लिखो *संघ की शक्ति का महत्व बताना	छात्र पर्यावरण और संघ के बारे में जानकारी प्राप्त करने में सक्षम रहें
GK	UNIT 2 UNIT 3	THE WORLD AROUND US(Pages 22 to 26)SCIENCE & TECHNOLOGY	It covers a wide range of topics, including fundamental principles of physics, chemistry, biology, etc.	Students will develop a foundational understanding of scientific principles.	Hands-on experiments and demonstrations can help students understand scientific concepts and principles through direct observation.	Educational videos or animations can illustrate complex scientific processes or technological advancements.	Science fairs or technology showcases can provide opportunities for students to demonstrate their understanding.	Students can develop critical thinking, problem-solving, and analytical skills.

**MONTH: AUGUST**

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
English	L-7	CH- Fight with the shark	Content: This thrilling story recounts a brave person's encounter with a shark, showcasing courage, survival, and quick thinking.	Students learn about bravery, presence of mind, and facing fears.	Experiential Learning: Role-play or storytelling sessions help students imagine and express how they'd handle danger.	Digital Learning: Watching documentaries or short videos on ocean life and survival builds engagement.	Extended Learning: Research real-life ocean rescue stories or shark behavior.	Life Skill: Develops courage, alertness, and self-confidence in tough situations.
	L-8	CH-Solar Energy	Content: This lesson explains how solar energy is harnessed, its benefits, and its role in sustainable living.	Learning Outcome: Students learn the importance of renewable energy and environmental responsibility.	Experiential Learning: Creating simple solar-powered models or observing solar experiments reinforces the concept.	Digital Learning: Interactive videos, simulations, and solar project kits enhance understanding.	Extended Learning: Visit a solar plant (virtually or locally) or start a class eco-project.	Life Skill: Promotes environmental awareness, innovation, and sustainable living habits.
	L-9	CH- The Adventure of the blue diamond	Content: A detective story involving the mystery of a stolen blue diamond, solved through observation and logical reasoning.	Students learn the value of sharp observation, reasoning, and attention to detail.	Experiential Learning: Solving classroom mystery games or puzzles puts critical thinking into action.	Digital Learning: Mystery-themed games, audio stories, or interactive detective apps enhance engagement.	Extended Learning: Read more detective stories or write an original mystery.	Life Skill: Builds logical thinking, observation, and problem-solving abilities.

		GRAMMAR-Adjectives,modalsWRITING-Biography	GRAMMAR-Adjectives,modalsWRITING-Biography	Students learn about adjectives, and modals.They understand the structure of a biography, including an introduction, chronological events, and a conclusion.	Students enhance their descriptive writing skills, learn to express nuances of meaning in their language, and improve sentence construction.	Digital resources such as online databases, biographical websites, and multimedia presentations.	Students can explore literature or texts rich in descriptive language and modals to analyze their usage and effects on meaning.	Writing biographies fosters empathy, critical thinking, and appreciation for the experiences and contributions of others.
Hindi	पाठ -7	करो योग रहो निरोग	स्वस्थ जीवन का आधार योग योग द्वारा मानसिक शांति प्राप्त करना	योग के बारे में जानकारी प्राप्त करना और उन्हें करने का अभ्यास करना	A3 सीट पर योग के केचित्र बनाकर उनके नाम लिखना	पीडीएफ वीडियो	रचनात्मक लेखन योग के बारे में अध्ययन करना और उन्हें अपने जीवन में सफल प्रयोग करना	कौशल क्षमता का विकास होना
	पाठ-8	नौकर	मानवी भावनाओं और संवेदनाओं का विकास	नौकर कहानी के माध्यम से मानवीय भावनाओं और संवेदनाओं को विकसित करना	इंटरनेट के माध्यम से घरेलू नौकरों के बारे में गांधीजी के विचारों को खोज कर लिखना	पीपीटी वीडियो	विषय से संबंधित कार्य पत्रिका	मानवता और नैतिक मूल्यों को समझ कर कौशल क्षमता का विकास करना

	व्याकरण पाठ-8	व्याकरण संज्ञा व उनके भेद	संज्ञा के भेद भाववाचक संज्ञा की रचना	छात्र की परिभाषा व उनके वेदों के बारे में जानकारी प्राप्त करेंगे	संज्ञा से संबंधित चार्ट बनाना	पीडीएफ वीडियो	व्याकरण से संबंधित कार्य पत्रिका	कौशल क्षमता को बढ़ाना।
	पाठ-9	संज्ञा के विकार तत्व विज्ञापन चित्र वर्णन	लिंग स्त्रीलिंग पुलिंग की पहचान	विज्ञापन तथा चित्र वर्णन अभ्यास				
Maths	Ch. 7	Commercial mathematics	1) Variations 2) Applications of percentage 3) Profit and loss 4) Discount and taxes	Students will able to find out the square roots as well as cube roots of the given numbers	To make working model or charts for the squares and cubes of the integers.	Video related to topics having basics and applications for logical thinking	Worksheets based on related topics.	Interactive session at the class based on the topics
	Ch. 8	Simple Interest and Compound interest	1) Compound interest formula 2) Inverse problem on compound interest 3) Growth and depreciation	Students will learn to find out the	To make charts and calculate for S.I. and C.I. for	Video related to topics having basics and applications for logical reasoning.	Worksheets based on related topics.	Interactive session at the class based on the topics.
Science	CH- 6	Reproductio n in Animals	Define reproduction & understand its importance in sustenance of life. Know the various modes of reproduction	● - Learn the various modes of reproducti on in animals.-	3-D Pictures of organisms showing asexual reproduction. Assignment	Video	worksheets	Students will be able to identify species, characteristics, habitat requirements and life cycles of birds,

			in animals.					fish and/or mammalian species.
	CH- 10	Sound	vibrations as the basic cause of all sounds. Know the mechanism of production of sound by humans & various animals. Understand the structure of ear & persistence of hearing. Identify causes & effects of noise pollution & ways to limit noise pollution.	Sound, devices from which vibrations are produced-Understand the sounds produced by Humans, animals ,	Hands on activities to understand propagation of sound through solids, liquids & gases. Toons to show causes, effects & prevention of noise in our surroundings.	Video	Assignment.	Students will understand the general concepts of sound & how they related tpo our daily life.

Social Studies	HISTORY: CH-4	Chp4- Tribals during the Colonial Rule	Jhum and Shifting Cultivation Hunting and Gathering Herding and Rearing Tribal Lives Money Lender and Market Birsa Munda	Introduce the learners to discuss and debate on different forms of tribal societies  Show how government records can be read to reconstruct histories of tribal revolt	Write the names of four tribal groups under the following heads: 1Shifting cultivation 2Settled cultivation	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills * To understand the skills and methods of historical inquiry  To understand the different ways of how tribals lived in the country

		CIVICS: CH-4	Chp4- The Need to Establish The Rule of Law	Law Types of Law Formation of Law in India Unpopular and Controversial Laws	Explain the process of law-making in India Describe the ways in which citizens participate in the law-making process	Identify following personalities and write their contribution against unpopular and controversial laws.	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *To explain the process of law-making in India. They should also be able to explain how people's participation can influence the law-making process and lead to the creation of new laws and the revocation of unpopular laws.
		GEOGRAPHY: CH- 3	Chp3- Natural Resources- Water	Fresh Water Resources. Distribution of Fresh Water. Water Resources of India. Conservation of Water resources.	Awareness about rain water harvesting. Take interest in conservation of water resources in daily life.	Collect information about Damodar Valley Project Dams.	*Power Point Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	*Thinking skills *Responsible usage of water.
Computer	L-4	<b>Advance Robotics and AI Integration</b>	Multi robot system Swarm robotics Safety Systems etc	Students will be able to learn basic Multi robot systems and its applications.	Students will apply their knowledge to create some projects based Safety Systems etc	<b>Activity : Design Your Own Swarm</b>	Video Links for AI  <a href="https://www.youtube.com/watch?v=tXWHEsNd1Yw">https://www.youtube.com/watch?v=tXWHEsNd1Yw</a>	Worksheets related to the chapter.	Students will understand the general concepts of visual basics.

FRENCH	L-5	L-5 Le jour du shopping	Parler des achats Interroger en utilisant les adverbes interrogatifs	Students will be able to translate and comprehend the prose .	vocabulary tree	*PowerPoint Presentation *Topic related Video	*Worksheets *Mind Map *Mapwork	Students will be able to apply their knowledge in real world and converse with each other using the new vocabulary.
SKT	पाठ 7 पाठ 8 व्याकरण	नीति श्लोकाः समीर - सूर्यविवाद संख्या 1से 20 शब्द,* रूप नदी	*उत्तम आचरण हेतु प्रेरित करना * सूर्य की शक्ति का महत्व बताना शब्द रूप के विषय में ज्ञान	छात्र पाठ के महत्व को समझ सकेंगे  छात्र पाठ के अर्थ को जान सकेंगे टेबल द्वारा शब्द रूप ज्ञान	चर्चा व्याख्यान व समाधान निकालना  संबंधित विषय पर मॉडल व चार्ट तैयार करना	उपकरण वीडियो  विषय से संबंधित वीडियो  पीएफ वीडियो	नैतिक मूल्य द्वारा मानव समाज का महत्व बताना  टेबल द्वारा ज्ञान का विस्तार करना	छात्र जीवन में अच्छे बुरे की पहचान एवं सूर्य की शक्ति को समझने में सक्षम रहे
GK	UNIT 4	UNIT 4 NATURAL HABITAT Pages 36 to 43	It covers topics related to the natural habitats of different organisms, including forests, deserts, oceans, grasslands, and polar regions.	Students will develop an understanding of the importance of natural habitats and biodiversity.	Outdoor activities such as nature walks, bird watching, or plant identification exercises can help students observe and appreciate the diversity of life in natural habitats.	Online resources such as documentaries, webinars, or virtual tours can provide insights.	Service-learning projects such as creating community gardens or implementing recycling programs can promote sustainable practices.	By exploring natural habitats and biodiversity, students can develop a sense of empathy, appreciation, and respect for the natural world.

## MONTH: SEPTEMBER

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
---------	------------	-------------	---------	------------------	------------------------------------	------------------	-------------------	-------------

English	L-10	CH-The Christmas Feast	Content: This story highlights the joy of celebrating Christmas together, focusing on themes of sharing, love, and togetherness.	Students understand the value of family bonds, kindness, and festive spirit.	Experiential Learning: Organizing a class feast or sharing stories about family celebrations deepens emotional connection.	Digital Learning: Watching festive videos, creating e-cards, or using storytelling apps to retell the story boosts creativity.	Extended Learning: Learn about different cultural festivals and how they promote unity.	Encourages empathy, generosity, and the joy of giving.
	L-11	CH-The Dear Departed	Content: A humorous play that exposes the selfishness and greed of family members fighting over a man they believe is dead—until he surprises them by walking in alive.	Students learn about family values, respect for elders, and the consequences of greed.	Experiential Learning: Performing the play or enacting scenes helps students emotionally engage with the message.	Digital Learning: Watch stage versions or use digital drama tools to script and perform scenes.	Extended Learning: Discuss or write essays on the importance of valuing relationships over material things.	Life Skill: Promotes respect, honesty, and appreciation for loved ones.
	GRAMMAR-Verbs, Adverbs	GRAMMAR-Verbs, Adverbs	Students learn about different verb tenses, aspects, and forms, as well as adverbs.	Students will be able to identify and use verbs effectively to convey actions and adverbs to provide additional information about those actions in writing.	Activities may include creating sentences or short narratives.	Interactive grammar exercises, online verb conjugation tools, and adverb quizzes.	Students can explore literature or texts where verbs and adverbs are used creatively.	Mastery of verbs and adverbs enhances students' ability to express themselves clearly and effectively, which is essential for communication in both academic and real-world contexts.

Hindi	पाठ -9	हंस रही उषा कविता	प्रातः कालीन भ्रमण के लिए प्रोत्साहित करना, प्रकृति प्रेम सीखना	प्रातः कालीन भ्रमण के लाभ और जीवन के असली सुख प्रकृति के सानिध्य में और सूर्योदय की दृश्य का अवलोकन	प्रकृति से संबंधित एक मॉडल तैयार करना	वीडियो पीपीटी	प्रातः कालीन भ्रमण के लाभ के बारे में जानकारी प्राप्त	सोचने की क्षमता को विकसित करना

GK	UNIT 5	UNIT 5 LANGUAGE AND LITERATURE Pages 44 to 52	It covers topics related to the structure and function of language, different forms of literature, and the significance of communication.	Students will develop a deeper understanding of language, literature, and communication.	Reading and analysing literary texts from different genres and cultures can help students develop critical reading and interpretation skills.	Virtual book clubs or online forums can facilitate discussions about literature, allowing students to engage with peers.	Participation in literary competitions, writing contests, or spoken word events.	By engaging with language and literature, students can develop effective communication skills, including speaking, listening, reading, and writing.

## MONTH: OCTOBER

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
English	L-12	A Question of Grammar	Content: This story centers around a humorous situation where a minor grammatical error leads to confusion, highlighting the importance of correct language use.	Students learn the significance of grammar in clear communication and interpretation.	Experiential Learning: Grammar games and role-plays help reinforce correct usage in real-life conversations.	Digital Learning: Grammar apps, quizzes, and animated explanations make learning interactive and fun.	Extended Learning: Students can edit stories or dialogues with intentional errors to practice grammar skills.	Life Skill: Builds effective communication, attention to detail, and clarity in expression.
	L-13	Rusty Plays Holi	Content: This joyful story by Ruskin Bond captures the fun and chaos of Holi as Rusty celebrates with his friends, showcasing tradition, mischief, and bonding.	Learning Outcome: Students learn about Indian culture, the spirit of festivals, and the joy of friendship.	Experiential Learning: Sharing personal festival memories or organizing a class Holi-themed activity enhances engagement.	Digital Learning: Watch story videos or create Holi-themed photo collages or digital journals.	Explore other festival stories by Ruskin Bond or write about a favorite celebration.	Encourages social bonding, cultural appreciation, and emotional expression.

	GRAMMAR-Tenses,Prepositions WRITING-Speech	GRAMMAR-Tenses,Prepositions WRITING-Speech	This grammar topic covers verb tenses and prepositions. Students learn how to write a speech.	By completing this task, students will develop skills in persuasive writing, public speaking, and organisation.	Creating sentences or short narratives that incorporate various verb tenses and prepositions.	Writing guides, public speaking tutorials, and video recordings of famous speeches.	Students can explore different types of speeches and analyse how speakers adapt their language and style.	Develop critical thinking, research, and communication skills as they learn to articulate their ideas effectively and persuade others.

**MONTH: NOVEMBER**

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
English	L-14	You are old, Father William	Content: This humorous poem, originally featured in Lewis Carroll's Alice's Adventures in Wonderland, presents Father William defying common expectations of old age by engaging in lively, unconventional activities. His playful responses to questions about his aging showcase wit and an irreverent take on traditional moral lessons.	Learning Outcome: Students learn to appreciate the use of satire and irony in literature, recognizing how humor can be used to question stereotypes and norms about age and behavior.	Experiential Learning: Performing the poem aloud in dramatic or role-play sessions allows students to engage with the text, understand its rhythm and humor, and explore multiple interpretations of its themes.	Digital Learning: Interactive tools like digital annotations, audio recordings, or animated interpretations of the poem help students analyze language and performance, enriching their engagement with classic literature.	Extended Learning: Students can compare this poem with other literary parodies, research Lewis Carroll's life and works, and explore how humor and satire can challenge societal conventions across different contexts.  Life Skill: The poem encourages creative thinking, resilience in the face of stereotypes, and the ability to maintain a vibrant, individualistic spirit regardless of age.	Life Skill: The poem encourages creative thinking, resilience in the face of stereotypes, and the ability to maintain a vibrant, individualistic spirit regardless of age.

	GRAMMAR-Reported Speech WRITING-E-mail	GRAMMAR-Reported Speech, Determiners WRITING-E-mail	This grammar topic covers reported speech, which is the act of conveying someone else's words or thoughts indirectly.	Students will be able to accurately understand how to convey information in a clear and grammatically correct manner.	Students practise reporting conversations or interviews.	Online resources such as email etiquette guides.	Students can explore how language and tone vary depending on the purpose and audience.	Mastery of reported speech and writing emails helps students develop important digital literacy and communication skills.

By developing life skills such as communication, problem-solving, etc., students can enhance their interpersonal relationships and academic performance.

### **MONTH: JANUARY**

Subject	Lesson No.	Lesson Name	Content	Learning Outcome	Experiential learning Hots/I Think	Digital Learning	Extended Learning	Life Skills
---------	------------	-------------	---------	------------------	------------------------------------	------------------	-------------------	-------------

English	L-16	BILL, BINGO AND BRAM	Content: A lively narrative about three friends—Bill, the thoughtful planner; Bingo, the adventurous spirit; and Bram, the wise mediator—who set out on a quest to solve a local mystery, facing challenges and learning the power of teamwork along the way.	Learning Outcome: Students understand the importance of collaboration, creative problem-solving, and respectful communication in overcoming obstacles.	Experiential Learning: Role-playing key scenes and group discussions allow students to practically experience how diverse strengths contribute to successful teamwork.	Digital Learning: Interactive storytelling platforms and digital simulations can recreate the friends' adventures, engaging students in a multimedia exploration of the narrative.	Extended Learning: Students can research other adventure tales or create their own narratives, integrating cross-disciplinary insights from literature, history, and social studies.	Life Skill: The story reinforces teamwork, critical thinking, and resilience, essential for navigating both academic challenges and real-world situations.
	GRAMMAR-Conjunctions, Figures of Speech, modals, clauses, transformation of sentences WRITING-Revision	GRAMMAR-Conjunctions, Figures of Speech, modals, clauses, transformation of sentences WRITING-Revision	Students learn to identify and use different types of conjunctions for sentence structure and apply various figures of speech for creative expression.	Students will understand the function and usage of conjunctions to connect ideas and clauses effectively.	Creating sentences or passages that utilize different conjunctions to vary sentence structure and flow.	Online grammar resources, interactive exercises, and instructional videos.	Students can explore different types of conjunctions and figures of speech through literature and poetry.	Enhances students' ability to communicate effectively and creatively, allowing them to express themselves with clarity, precision, and imagination.
